On Sundays, continue immediately with the Evlogetaria on page 888 in this book. On other days, continue with a "Triadikon" of the protopsaltis' choice. These are found on pages 888-888 in this book. In Athonite practice, however, a selection of psalmic verses is chanted before the Triadikon. The appropriate selections are listed on page 684 in the English edition of *The Great Horologion*. These verses are usually chanted in plagal second mode in a rapid heirmologic melody similar to those found on page 888 of this book.
