*After this psalm, on Sundays continue immediately with the Evlogetaria on page 888 of this book. On other days, continue with a "Triadikon" of the protopsaltis' choice. These are found on pages 888-888 in this book. In Athonite practice, however, a particular selection of psalmic verses is always chanted after this psalm. The appropriate selections are listed on page 684 in the English edition of The Great Horologion. These verses are usually chanted in plagal second mode in a rapid heirmologic melody similar to those found on page 888 of this book.*
