On Sundays, continue immediately with the Evlogetaria on page 888 in this book. On other days, continue with a "Triadikon" of the proto-psaltis' choice. These are found on pages 888-888 in this book. In Athonite practice, however, a selection of psalmic verses is chanted before the Triadikon. The appropriate selections are listed on page 684 in the English edition of The Great Horologion. These verses are usually chanted in plagal second mode in a rapid heirmologic melody similar to those found on page 888 of this book.
